

## MEGA-LINE CUTTING-OFF & GRINDING WHEELS FOR ANGLE GRINDERS

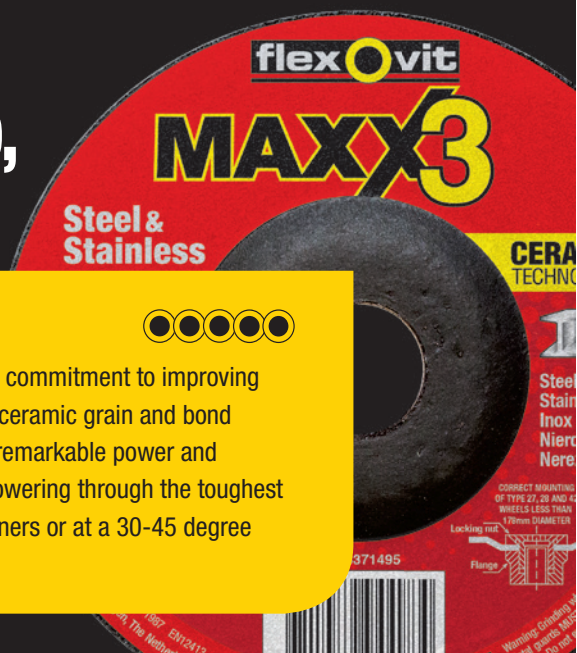

### GRINDING – BF 27

#### CERAMIC TECHNOLOGY

## THE ULTIMATE IN SPEED, LIFE & USER COMFORT

### FLEXOVIT MAXX3

Work smarter not harder with Flexovit Maxx3 grinding wheels. Our commitment to improving industrial performance has never been stronger with this blend of ceramic grain and bond system, delivering extraordinary grinding results. Maxx3 provides remarkable power and refined control from start to finish, even when used on all sides, powering through the toughest steel applications effortlessly. Remove welds on flat metal and corners or at a 30-45 degree angle with fewer wheels for the job.
