

# MEGA-LINE CUTTING-OFF & GRINDING WHEELS

FOR ANGLE GRINDERS

## CUTTING – BF 41

### CERAMIC TECHNOLOGY

## CUT WITH SPEED & CONFIDENCE

### NEW FLEXOVIT MAXX3

Following in the footsteps of Maxx3 grinding wheels comes the new innovation in cutting: Maxx3 in 1,3mm & 1,6mm thickness. If you want speed of cut or to work on thin or hollow materials, the 1,3mm will do it with ease. If you are cutting thicker materials and life of the wheel is important, then the 1,6mm is ideal. Whatever you choose, experience extra-smooth, fast cutting action and long life thanks to our premium ceramic grain.
